

Summer Performing Arts Conservatory

**Two unique, 3-week summer workshops
For grades 9-12
Cost is FREE!
June 11 -29, 2018 at Herron High School**

Acting Intensive

Tuesdays & Thursdays 2-4pm

Examining the character and exploring the fundamentals of preparation for theatrical performance. Through intensive character and scene study work, this course uses a workshop approach that encompasses theatre games, physical/vocal exercises, improvisation, outside readings, discussions and script analysis, resulting in the performance of a monologue and/or scene in a final showcase performance.

Musical Theatre Intensive

Mondays, Wednesdays & Fridays, 2-4pm

Expand your vocal performance skills! Spend three weeks working on songs, solo and group vocal work, characterizations, plus choreography; culminating in a dynamic showcase performance – which will include a repertoire from classic and contemporary musical theatre – with opportunities for solo, duet and ensemble performances.

Included in the Acting Intensive will be a unit on audition techniques and how to prepare for that college or theatre audition. Emphasis will be on how to create a character through:

- Developing a sense of “being in the moment”
- Learning techniques for engaging the body and voice
- Transforming self into dramatic character
- Connecting emotionally to the inner life of the character
- Taking emotional risks

Shakespeare Bootcamp (Fridays only 2 – 5pm)

An intensive designed to immerse young actors in the works of William Shakespeare. Participants will discover techniques to unlock the text and bring the Bard’s words to life.

All students will actively participate in a mix of sonnets, monologues and scenes selected to highlight the wide range of possibilities within Shakespeare’s work. The session will culminate with a workshop presentation that will demonstrate increased understanding of classical text.

In addition to working with an accompanist, students will have voice lessons, musical and theatrical direction for their songs, learn to act a song, and take a master dance class to learn basic movement skills for the stage musical, plus learn and refine movement and choreography specific for their musical scene.

Are you planning to audition for a university or conservatory music program? This is a great opportunity to learn how to have a successful audition experience.

Classes and sessions include:

- Acting the song
- Individual and ensemble vocal work
- Basic movement for the stage
- Audition preparation

ADDITIONAL OFFERINGS:

Technical Theatre Apprenticeships

Work with our seasoned, professional theatre designers on set design and construction, lighting and sound design for the final performance. As an independent study, days and hours will be flexible,
